Forecast for Wednesday 27 Dec 2023

Weather: Outbreaks of heavy rain will continue to feed in from the west during Wednesday, accompanied by strong winds. The rain will eventually clear late afternoon to leave a drier and brighter spell before heavy showers, possibly with some hail, push in from the west late evening.

Chance of cloud-free hill tops above 600m: 20%, improving to 70-80% into the evening.

Low cloud and visibility: Scattered or broken cloud base 500-700m, lowering 400m for a time during the early hours, clearing late afternoon. Further cloud base 500-700m later in association with showers. Visibility moderate or poor in heavy rain and hill fog, good in drier interludes later.
